

## DONALDS.

Newspapers as Related by the Young Correspondent.

Gen. M. L. Bonham, of Anderson, delivered a lecture on Pylusianism at the Methodist church last Wednesday night. Gen. Bonham is a very fine speaker and his address was very much enjoyed by all present, and will doubtless be the cause of Pylusianism good. Donalds has a thriving lodge of this kind. Messrs. May & Seawright have completed their lumber warehouse and are getting in a good supply of lumber of all kinds, and in addition they will install a scroll, jig and band saw, turning lathe, etc. The plant is conveniently situated on the Oil Mill side track.

Mr. J. S. Lattimer of Greenville died on the 1st and was buried at Broad mouth last Wednesday the 2nd. Mr. Lattimer was well remembered here, having taught school here a good many years ago.

Miss Bell Lattimer of Greenville spent several days with her friend Mrs. E. H. Booker the past week. This was her first visit to Donalds since she moved from here four years ago, she was very much struck with the improvements in old Donalds since she was here last.

Mrs. C. C. Humphreys is very sick and her many friends are anxious that she may be speedily recovered.

Miss Lucille Humphreys who has been teaching school in Florida is at home on a visit.

Mr. Clare Humphreys of Florida is in town, called here by the sickness of his mother Mrs. C. C. Humphreys.

## DUE WEST.

What an Interesting Writer Sees and Hears About the Classic City.

Due West, S. C., Mar. 7th, 1904.

Messrs. A. S. Kennedy and A. D. Kennedy have returned from Atlanta where they spent several days of last week.

Miss Jennie Wideman and Janie Kennedy of Troy came up on Saturday to be present at the Amelien Celebration on Monday evening.

Mr. J. E. Pressley of Abbeville spent Sabbath with his brothers Messrs. Grier and Henry Pressley.

Mr. J. B. Pressley who has been spending the Winter in Hendersonville returned home last week.

Miss Stella Bradley of Troy will assist in the music for the celebration.

Mr. Roy Kirkpatrick of Charlotte is visiting relative in town.

Mrs. J. O. Kitch and Mrs. M. B. Bradley of Abbeville are expected to attend the Amelien Celebration Monday evening.

Mr. J. W. Good of the Theological Seminary, preached at Generosee Sabbath, and Mr. F. A. Pressley on Saturday.

Miss Daisy Brock has returned home from her school.

Mrs. W. W. Edwards entertained a number of the College young ladies Saturday evening. Misses Hattie and Agnes Taylor, Jennie May Dean, Jeannette McDaniel, Clarence Knight, and Mary Lathan were present.

## Boys Counting Much Trouble.

Boys have on several occasions recently congregated in the A. R. R. church and caused in the night making of breaking the stained glass windows. Mr. J. A. Robbins caught the boys in the act Wednesday. An investigation showed that the boys were present, only two or three broke or broke glass. Thursday upon being arraigned before the mayor they pleaded guilty and were each sentenced to pay a fine of \$15 or go to the chalking for 25 days. They paid up—Rock Hill Herald.

Some boys in Abbeville have been breaking the glass windows of the brick house at the one-mile post. Some of those who committed the trespass are known. Two dollars reward will be paid for proof to convict all the parties, when the guilty persons may have an opportunity to settle the damages with the authorities, or serve a term on the chalking.

## Careless Legislation.

Columbia Record.

So far as discovered there were about five acts passed by the legislature which were defective in some particular. There is no telling how many more may be found when it comes to putting them into operation. Why all this carelessness in legislation? Was it because members were thinking more of politics this year than public business? Or were they so interrupted by lobbyists that their attention was distracted from the purpose for which they were assembled? Perhaps both had something to do with it. Certain it is that in a great many respects a legislature in primary years is not much more than a long-drawn-out political caucus. Add to that an active and overbearing and persistent lobby, and perhaps no surprise should be had over such carelessness.

Worry is as useless as it is to tell people not to worry.

Sometimes a little learning saves a man from many a mistake.

A swallow of brandy often turns out to be a bird of ill omen.

It is man's satisfaction with one meal a day he can afford to write poetry.

It is always in our power to make a friend by smiles—what a folly, then, to make an enemy by frowns.

## Notice.

It will be at Abbeville on first Monday of each month and following for the purpose of treating Hemorrhoids (Piles). Treatment consists in purely aseptic methods and is painless and without the use of chloroform and the knife. Care guaranteed. Interested will find me at the Glenn Hotel, Abbeville, S. C., or Dr. B. A. Mitchell, McCormick, S. C.

Office hours from 10 A. M. till 3 P. M. on above mentioned days.

Jno. B. Britt, M. D.

We are Sole Agents here for

## Vinol

The most famous Cod Liver Oil preparation known to medicine. Contains ALL the medicinal elements of cod liver oil, actually taken from fresh cod's livers, but not a drop of oil.

Delicious to the taste and recognized throughout the world as the greatest

## STRENGTH CREATOR

for old people, weak, sickly women and children, nursing mothers and after a severe sickness.

Cures Coughs, Croup, Chronic Colds, Bronchitis and all Throat and Lung Troubles. Unequaled to create an appetite and to make those who are too thin, fat, rosy and healthy.

Try it on our guarantee to return your money if you are not satisfied.

## Speed's Drug Store.

## Bridges to Let.

At 11 o'clock a. m., March 9th, 1904, I will let to the lowest responsible bidder the rebuilding of the following bridges:

One truss bridge at Wardlaw's bridge over Little River.

One truss bridge with stone piers over Spankin's Creek near J. F. Clinkscales.

The right is reserved to reject any and all bids. Contractor will be required to give a good and sufficient bond for faithful performance of contract.

G. N. NICKLES, Supervisor.

Feb. 24, 1904.

## GRANVILLE BEAL.

Past Deputy Grand Master and Historian of the Masonic Temple, Jacksonville, Fla.

Florida Fraternal Record.

Among the many worthy and prominent secret society men who have interested themselves in fraternal work in Florida, none are more worthy of special mention at this time than Past Deputy Grand Master Granville Beal.

Brother Beal has resided at Calhoun Falls, S. C., during the past few years, but has always retained his interest in Masonry in Florida.

No Mason in Florida is better informed as to the history of the Masonic Temple than Brother Beal.

At the last annual communication of the Grand Lodge, Brother Beal as a committee of one presented his report giving a full and complete history of the temple from the time that the first dollar was subscribed to the completion of this beautiful edifice.

The report was received and ordered published.

Brother Beal was born in Massachusetts, June 6, 1854, and moved to Fruitland, Fla., January, 1875, where he resided for many years.

He was made a Mason in 1877, and elected Master of Stella Lodge, No. 183, in 1881. He was made a Royal Arch Mason in 1884, and four years later appointed Grand Marshal of the Grand Lodge of Florida.

In January, 1890, Brother Beal was honored by election as Senior Grand Warden of the Grand Lodge of Florida, and in January, 1891, he was still further honored by being advanced to the position of Deputy Grand Master.

Bro. Beal has received the Council and Commandery Degrees and is a Shriner, and from what we know of his brother, we are led to believe that he is a worker in every branch of Masonry.

He was appointed historian of the Masonic Temple at Jacksonville in January, 1903, and his work in the position is much appreciated by the brethren of this jurisdiction.

Brother Beal is not only a prominent and capable Mason but a genial gentleman who numbers his friends by the hundreds, and we know that his friends and brothers will join with the Record in wishing him long life and continued prosperity.

## Injustice to Former State House Commission.

Spartanburg Herald.

This newspaper is not one of those which has praised the excellent work of the State House Commission, nor have we played the role of apologist for any one concerned in that unfortunate, though not unnatural mess. But it is not just to censure a commission for things outside of its responsibility, nor by insinuation to reflect upon its competency or its faithfulness. As we have before said, the tone of the report of the investigating committee is far from admirable and suggests to discerning minds that personal animus might have played part with evidence in formulating the report.

It has been heretofore over the state that the legislature had appropriated \$50,000 "to complete the completion of the State House"—as some have expressed it. The work was of such a character, it has been said, that \$50,000 had to be appropriated to repair it.

The following is an itemized list of the work provided for by the act of the legislature referred to:

Painting walls and woodwork.....7,161.20  
Painting arches in corn doors 743.76  
Repairing ceiling in library.....1,506.00  
New ceiling in main lobby.....1,814.00  
Structural steel for support-ceilings.....2,880.00  
Doors for arches on front and rear porches.....450.00  
Heating and ventilating plant 17,749.85  
Total.....36,695.81  
Contractor's profit, 10 per cent, 3,669.58  
\$40,365.39

Let it be noted now that the first two items, \$7,161.20 and \$743.76, and the last two, \$450.00 and \$17,749.85 were in no way, directly or indirectly a part of the contract made by the commission with the contracting company. Take off, therefore, \$26,104.81 from the \$40,365.39. An appropriation of \$26,104.81 has been made for a new roof. A new roof may be necessary, but the old commission, whose word there is no reason to doubt, says that there is no fire in the office of the secretary of State a guarantee bond on this roof for ten years given not by Melvin, Unkefer Co., but by the roofing concern that put it up. Deduct this amount also from the forty thousand dollar negligence. Other items seem questionable. On the whole, it looks as if there were a desire to magnify the negligence of the commission and to blame them for what they are in no way responsible. This being the case, although the work still appears to be shoddy, we are not willing to join in the condemnation of anybody with those who, as it seems to us, employ unfair methods. We are sorry the legislature did not allow the old commission a full and free hearing.

Possibly there's some politics in this business.

## Brain Leaks.

He who sows doubt reaps despair.

Tomorrow's time is easily spent today.

You cannot cure faults by watering them with tears.

You can't carry soul insurance without paying the premium.

The worth of the son is not measured by the wealth of the father.

We'd hate to endure anything more melancholy than the average fashionable call.

You cannot tell by the size of the monument the worth of the man who lies beneath it.

The man who jokes on the subject of gas meters seldom uses gas. The gas meter is no joke.

There may be more comfort with a furnace, but there is more enjoyment with the old-fashioned fire-place.

If we judge a man's knowledge by the size of his head, why not judge how fast he can walk by the size of his feet?

A lot of men build reputations for being "good fellows" at the expense of the happiness and comfort of their wives.

Hyperis, of course, delights in the most sublime speculations, for never intending to go beyond speculation it costs nothing to have it magnificent.

The power of going out of one's self and seeing and appreciating whatever is noble and loving in another is one of God's best gifts.

Right at hand is this great and simple and serious opportunity the opportunity of being pleasant.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be ward off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says: "I have been selling Chamberlain's Cough Remedy and presenting it in my practice for the past six years. I use it in every case of pneumonia and have always gotten the best results." Sold by C. A. Milford, Abbeville, H. M. Young, Due West.

The conductor doesn't allow Lent to make any difference in his fare.

## Inflammatory Rheumatism Cured.

William Shafter, a brickman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I went to Melvin's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to get up and about as a man." For sale by C. A. Milford, Abbeville, H. M. Young, Due West.

Heaven won't be nearly exclusive enough to suit some people.

## A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's Cough Remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but when given as soon as the croupy cough appears will prevent the attack. For sale by C. A. Milford, Abbeville, H. M. Young, Due West.

Charity covers a multitude of sins; but so does dyspepsia.

Gives Health, Vigor and Tone.

Herbina is a food for sufferers from anemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived, the languor diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. H. E. Smith, of Abbeville, S. C., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." For sale by C. A. Milford.

It isn't always safe to trust a man who trusts to luck.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had consumption. We procured a bottle of Chamberlain's Horehound Syrup, and it cured him." That was six years ago and since then we have always kept it in the house. We cannot do without it. For coughs and colds it has no equal." For sale by C. A. Milford.

The fast young man isn't always the one who gets there.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me relief and tended to alleviate my pains. March 24th, 1902, John C. Mcnair, Kilmarnock, Ills. 25c, 50c and \$1.00. Sold by C. A. Milford.

Even a bunch of roses may feel like 30 cents.

The Best Cough Syrup.

S. L. Apple, ex-prosecutor, Ottawa, Kan., writes: "I used Ballard's Horehound Syrup for years, and that is why I recommend it. I have used it for my children and it has cured them. I hope every mother knows of it." For sale by C. A. Milford.

Good Homes TO EXCHANGE FOR Old, Worn-Out Farms.

I have several nice Houses in the City of Abbeville which I will give in exchange for almost any old worn-out farm. If you have no worn-out farm to exchange, will sell to you on 50 or 100 years time, with low rate of interest.

I also offer the following farming land for sale:

330 acres, five miles from Due West and about 7 miles from Abbeville, \$7.00 per acre.

290 acres—\$7.00 per acre.

400 acres—\$8.00 per acre.

All these lands are in the same neighborhood, are well improved and have good tenant houses. Will sell with small cash payment and will give long time on balance.

## ROBT. S. LINK.

## RYDALES TONIC

A New Scientific Discovery for the BLOOD and NERVES.

It purifies the blood by eliminating the waste matter and other impurities and by destroying the germs or microbes that infect the blood. It builds up the blood by reconstructing and multiplying the red corpuscles, making the blood rich and red. It restores and stimulates the nerves, causing a full flow of nerve force throughout the entire nerve system. It specially cures straining nerves, nervousness, nervous prostration, and all other diseases of the nervous system.

RYDALES TONIC is sold under a positive guarantee.

Trial size 50 cents. Family size \$1.00

MANUFACTURED BY The Radical Remedy Company, HICKORY, N. C.

## C. A. MILFORD.

## FOR SALE.

Abbeville Telephone Co. Jan. 12, 1904.

## Reflections of a Bachelor.

It's never any trouble for a woman to make it.

Being in society is trying to get where you ain't.

When a girl is wearing her very best clothes it is a sign she will call candy bon-bons.

Some people seem to think because a man is a bachelor he shouldn't have eyes to see, ears to hear and hands to feel.

There is a whole lot of difference between the girl who gets up to read a love letter at a late breakfast from the man she is going to marry and after she has done it gets up early to have a late breakfast ready for him.

What the whole world needs to see to-day is Christ dwelling in the heart and manifesting himself in the life of the believer.

If you hate another, it is slow suicide for yourself.

## NOTICE OF REGISTRATION

The books for the registration of all legally qualified voters, and for the issuing of transfers, etc., will be open at the office of Supervisors of Registration in the Court House, between the hour 9 o'clock a. m., and 3 o'clock p. m., on the first Monday of each month, and kept open for three successive days in each month until thirty days before the next general election.

Any person whose qualifications as an elector will be completed after the closing of the Registration Books but before the next election shall have the right to apply for and secure a registration certificate at any time within sixty days immediately preceding the closing of the Registration Books, upon an application under oath to the facts entitling him to such registration.

The registration of voters must be by polling precincts. There must be a Book of Registrations for each polling precinct, that is for each township, or parish, or city, or town of less than five thousand inhabitants, or ward of cities of more than five thousand inhabitants. Each elector must vote in the polling precinct in which he resides. If there is more than one voting place in the polling precinct, the elector may vote at any voting place designated on the registration certificate. The Boards must designate in the registration certificate the voting place in the polling precinct at which the elector is to vote. If there is more than one voting place in the polling precinct, the Boards shall designate on the certificate the voting place selected by the elector.

G. H. MOORE, R. O. MCADAMS, W. M. C. SHA'W.

## NOTICE TO TRESPASSERS.

The following is the law of this State: "Section 176. Every entry upon the lands of another, after notice from the owner or tenant prohibiting the same, shall be a misdemeanor, and be punished by fine not to exceed one hundred dollars or imprisonment with hard labor on the public works of the County not exceeding thirty days; Provided, That whenever any owner or tenant of any lands shall post a notice in four conspicuous places on the borders of any land prohibiting entry thereon, after shall publish once a week for four successive weeks such notice in any newspaper circulating in the county where such lands are situated, a proof of the posting and of publishing of such notice within twelve months prior to the entry, shall be deemed and taken as notice conclusive against the person making entry as aforesaid for hunting and fishing."

Having complied strictly with the above law any person entering upon my lands will be prosecuted and punished as above provided.
